

# PRIVATE AND CONFIDENTIAL NP/100 MEASUREMENT CHART

Customer: \_\_\_\_\_

Date: \_\_\_\_\_

**Important** although vaginal and anal plugs can be made in very large sizes it is necessary to consider the possible damage they could do and order smaller rather than bigger unless you are certain you can take the size. These ranges of vaginal and anal plugs are made of Lucite with a stainless steel stem. Plugs if too large can be returned for reprofiling if required.

The finished size will be to your measurements in either plan or ribbed finish as indicated.

Custom shapes and sizes are available on request, send drawings for a quote.
